Detroit, October 14, 1866.

CIRCULAR.

The following is the uniform and equipment adopted for the Michigan Boys in Blue:

Hat—Soft oval black felt, black band edged with blue; brim bound with the same.

Cape—Dark blue or black.

Mail—White metal, blue, embossed border, with silver center of appropriate design, made expressly for our use.

Lights—Chinese Lanterns, or the ordinary torch. The former is recommended, as they are clean and cheap.

The hat and medal can be furnished by Mr. Geo. B. Kelley, wholesale hatter of this city, who has had samples made, by request, for our use.

The hat is recommended instead of a cap. It is neat and will be serviceable.

The Chinese Lantern can be had of Wm. Phelps & Co., of this city, who have ordered a large number for use.

The Hat, Medal and Lantern will be furnished at a trifle above cost.

All organizations are earnestly requested to equip at once.

The organization of the several Divisions, Regiments and Companies of the Michigan Boys in Blue will be completed at the earliest possible date, and District Commanders will see that the canvass is thoroughly completed, and the master rolls forwarded to these headquarters by the 25th inst.

Names added after sending forward the rolls will be reported by Company Commanders through the Regimental Commander to these headquarters, to be placed upon the rolls.

Regimental Commanders will forward at once to their Division Commanders a full roster of their Field, Staff and Line Officers, that their commissions may be forwarded to them.

All organizations of this order will be maintained, so as to be fully prepared for effective labor in coming campaigns, until the final and complete triumph of our cause, by the restoration of the Union upon the broad basis of equal and exact justice to all.

R. A. ALGER, President.

THIS OFFICE FOR SALE.

POSSESSION TO BE GIVEN 1ST OF JANUARY NEXT.

It is with profound regret and reluctance that I take this step.

Several months since I was advised by my family and other physicians that if I would regain my health, I must bid good bye to business for at least one year. Unwilling to be convinced, I persisted, until now I hear a voice in loud tones from the grave.

The Commercial, in all its departments, is in a prosperous condition, though it would be much more so, if the proprietor had been in a position to push it. The material, newspaper and job type, is almost brand new. So also are the presses. The office is in a city that must continue to expand and largely increase in business facilities. It is a city of schools, which are said to be "the bane of modern sham democracy," manufacturing Republicans. The patronage of the office from these schools is not inconsiderable.

Nothing is more indelibly written in the book of fate, than that the Republicans are to rule this city. They made a long pull towards it last spring, and a judicious course will surely consummate it the next, giving them the city government, and an almost unanimous council, which will throw several hundred dollars worth of printing into the Commercial office.

The proprietor desirous of selling so as to benefit the good cause and community, requires these essentials in the purchaser:

1st—He must have the means to pay down or mostly so, and be able to push the Commercial on to a higher position. I designed to make an eight column paper the beginning of the next volume.

2d—The party or parties must be thorough principled Republicans, believers in universal justice and impartial suffrage, hating Andrew Johnson and his damnable traitorous policy, as the good man does the devil and all his works.

3d—He or they must be moral in tone, thus feeling it a pleasure to labor for the benefit of community.

Apply personally to the proprietor at his residence, on Cross Street, or by mail to Ypsilanti, Mich.

It will be sold under any office of the same business and income, in the State.

C. R. PATTISON.

P. S.—Friendly exchanges will do us a favor by giving the above one insertion, or by at least announcing that the "Ypsilanti Commercial" office is for Sale.

THE GLORIOUS VICTORY.

The October elections may well make every patriot's heart throb with delight. It has not only been a succession of victories under the most forbidding circumstances, but it has been a victory of gains. In Pennsylvania, that splendid old arch of the Union, we elect Gen. Geary by nearly 17,000 majority, a gain over Curtins' vote in '63. Having a large majority in the Legislature, we oust the renegade Cowan, a gain in the Senate. We gain two Congressmen. Ohio we carry by 45,000, an increased majority of 10,000 over last year. We lose a Member of Congress, Gen. Morgan over Delano in the 5th District, by only 250. Gen. Morgan last year, running for Governor, carried the District by nearly 800. Indiana we carry by 15,000 majority. We lose a member of Congress, but in a heavily democratic district. We only carried it two years ago, because the opposition ran 2 candidates. Several of our Congressmen made splendid gains, especially Colfax, almost doubling his majority.

Iowa has gone Republican by 40,000 majority, a gain of 15,000. All hail, Iowa! electing all her six members of Congress. In the 6th, Hubbard's, the Johnson democracy committed a fraud that for audacious meanness stands unparalleled. Mr. Hubbard, the Republican candidate, had gone to Indiana to speak and was taken sick. A few leading Democrats industriously reported, both by telegraph and letters, that he was dead, forging recommendations from the Congressional Committee to the electors to vote for another man. The fraud was not discovered until near noon. But the Republican majority in the district is so large that Hubbard is elected, and the dirty democratic scheme for electing a rebel congressman defeated. The Republicans will see that these democratic scoundrels are severely punished if there is any virtue in law.

In Pennsylvania, in Gen. Archibald's district, the Democrats perpetrated most astounding frauds, in one county polling over 800 fraudulent votes. The General will contest Demison's seat and probably get it. If so, we make a gain of three Congressmen in Pennsylvania.

In Indiana frauds are also being exposed. Truly this Johnson democracy is rotten all the way through. We stand in these States thus in the next Congress:

	Rep.	Dem.	Rep. gain.	Dem. gain.
Pennsylvania,	18	6	2	—
Ohio,	16	3	—	1
Indiana,	8	3	—	1
Iowa,	6	—	—	1

Aggregate result, same as in 1864.

Owing to democratic frauds, we shall probably gain one or two more.

If the above showing does not cheer and encourage the Republicans of Michigan to do manfully, nothing can do it. Up and work energetically. On to the fight, and to a magnificent victory!

CURRENT EVENTS.

In the four States, Pennsylvania, Ohio, Indiana and Iowa we have gained 13,000 over the last elections. A large number of vessels were lost and disabled in the storm of October 1st and 2d, and the Florida coast, chief among which was the Evening Star, with over 100 passengers and a crew of about 40. But very few were saved, to tell of the horrible scenes previous to the sinking of the steamer. Another tremendous fire occurred at Quebec on the 14th, destroying about 2,000 buildings including 17 churches and rendering homeless some 25,000 citizens. The claims against England on account of the Alabama's depredations, are to be settled. The London Times strange as it may appear, strongly advocated the course. The receipts from Internal Revenue is now upwards of 1,000,000 per day. It is rumored that Secretary Stanton is about to resign, his place to be filled by Gen. Sherman. It has been asserted several times but contradicted as often that Johnson had recommended the ratification of the Amendment by the Southern States. The number of emigrants landing at New York since January is nearly 200,000. —Gold 148½.

MEN of New York, New-Jersey, Massachusetts, Illinois, Michigan, Wisconsin—let it be well understood by every voter in your State that the Republican Congressional ticket means equal political rights for the voters, North and South, and that the ticket of the Democrats and Johnson party means superior rights of the Southern voters. Every man who votes the opposition ticket thereby consents to have lesser rights than a voter in the Southern States; while every supporter of the Republican ticket insists that the Union men of the North shall have at least equal rights with the late Rebels. Is it possible that the issue between two such tickets is doubtful?

It is stated that while President Johnson was in St. Louis, a delegation of the Sons of Temperance called on him to request him to sign a paper recommending total abstinence, the same pledge that has been signed by every President, since General Jackson's time. When their mission was made known to the President, he sent them word that he "had no time for such things," and abruptly dismissed them from the hotel.

DISTRIBUTIONS.—We would call attention to the opinion of one of the leading papers of Canada on this subject:

Most of our readers have no doubt read some of the numerous advertisements of Gift Enterprises, Gift Concerts, &c., which appear from time to time in the public prints, offering most tempting bargains to those who will patronize them. In most cases these are genuine humbugs. But there are a few respectable firms who do business in this manner, and they do it as a means of increasing their wholesale business, and not to make money. From such firms, it is true, handsome and valuable articles are procured for a very small sum, and what is more important, no one is ever cheated. Every person gets good value for his dollar; because, as we have stated, it is intended to act as an advertisement to increase their ordinary business.

We have seen numbers of prizes sent out in this way by Sherman, Watson & Company, of Nassau Street, N. Y., and there is no doubt that some of the articles are worth eight or ten times the money paid for them, while we have not seen or heard of a single article which was not fully worth the dollar which it cost. But this is only one of the exceptions of this rule, for, as a general thing the parties engaged in this business are nothing but clever swindlers.—*Montreal Reader.*

SILVERINE.—We would call attention to this new and valuable article, for the benefit of our readers, as we have tested it and find it to be all the manufacturer claims for it. It really works wonders with all articles of brass, copper, bronze, &c., giving them instantly a coating of pure bright silver which can be made permanent by an occasional application. It is also the best cleaner of silver and silver plated ware we have ever seen, giving the beautiful lustre found on new ware. It is a great saver of time and labor, and we think after one trial no house-keeper will be without it. We know by experience, and have the testimony of scientific men and chemists, among them, Prof. Thurber and Meyer, and Orange Judd, Ed. *Agriculturist*, that it contains no ingredients injurious to metals or the hands.

Believing it to be one of the most useful inventions of modern times, we recommend it to our friends.—*N. Y. Farmer.*

SMALL QUANTITY.—One teaspoonful of that renowned remedy, Coc's Dyspepsia Cure, taken after meals, will enable the most confirmed dyspeptic to eat anything he chooses without fear of distressing effects. It is a blessing to all who are troubled with diseases pertaining to the stomach and bowels.

The proprietors of Coc's Cough Balsam say, take little and often. Doctor the throat and bronchial tubes, not the stomach. This is the secret of its success. It will not harm you to take it often, and every time you take it, you will see its beneficial effects.

A LARGE portion of the American people are wholly unaware of the deleterious effects incident to the use of common Saleratus, thereby producing disease, and destroying health. The highest perfection of art has been attained in the manufacture of Herriek Allen's Gold Medal Saleratus. Use one paper, and you will never have any other. It is a great way ahead of soda to use with cream tartar. Try it. For sale by most of the Grocers and Druggists, and at wholesale by the Trade generally.

ALL efforts to rival the J. Monroe Taylor Gold Medal Soap have signally failed; we do not hesitate to pronounce it the cheapest and best Soap in existence, it will take out grease, spots, or paint, will make nice soft soap, and make clothes of all grades look better after washing than any other article of the kind in the market; it will not injure the finest fabric. Try it, their Depot is at 112 Liberty Street, New York. Most of the grocers sell it.

THE AMERICAN JEWELERS ASSOCIATION

THE sudden stagnation of the trade in Eng-

land and the late German War and recent

disastrous financial crisis has caused the failure

of a large number of Jewelry houses in London

and Paris; obliging them to sell their goods at

a great sacrifice, in some instances less than

one third the cost of Manufacturing. We have

lately purchased very largely of these Bank-

rupt goods at such exorbitant low prices that

we can afford to send away *Finer Goods* and

give better chances to draw the most valuable

pieces than any other establishment doing

a similar business.

Our patrons are desired to send United States

OUR REPRESENTATIVE.
The Convention to nominate a candidate for Representative in the Legislature for this district met in the Council Hall on the 15th. The contest seemed to be between Chas. Shier, our present worthy member, and John S. Jenness of this city. The contest was close, but finally resulted in the choice of Mr. J. He has been a resident of our city some five or six years, and has won the esteem and confidence of the community. He is a man of energy of character, and will make an efficient member. He was elected a member of our school Board at the last annual meeting, and so declared by the President, but is not recognized as such by the chief Mogul, the Secretary, but on the contrary, is informed that he cannot serve because his election was illegal. Who made the Secretary judge and jury in the case, we are at a loss to know. Mr. J. filed his acceptance, as the law requires, and waits for a notification of the meeting of the Board. We confidently hope one thing will result from this matter, and that is, such a change in our school law as will secure a fair and honest election at least. We trust our new Representative—as he certainly will be, will give some attention to this matter.

The following were appointed the Representative Committee:—John Charles Shier, James A. Dwight, John Pebbles A. Campbell, Milton Pettibone.

Real Estate Sales.
We would call the attention of our readers to the column advertisement of Holmes & Jenness, containing a list of places for sale. It is a real benefit to property holders to have so enterprising a firm devoting their time and attention to buying and selling real estate. Property never depreciates so long as it keeps changing hands, and thus property in our city is constantly rising in value. We append a few sales recently made through them:

W. W. Antisdel to Brumfield, house and six acres of land on River Street—\$5,000.
Mrs. L. Towne to E. W. Grant, vacant lot in Normal Addition—\$250.
Thomas Ellis to R. C. Dolson, vacant lot on Adams Street—\$400.
David Blackman to Holmes & Jenness, lot on Cross Street.
Callin to H. Bradley house and lot on Washington Street—\$2,100.
John P. Oon to C. C. Cain, house and lot on Pearl Street—\$1,400.
Wm. Cross to Bishop, house and lot on Summit Street—\$5,000.

Horse Fair.
A "Stock Association" has been formed in this city with C. Yost as President, F. P. Bogardus Secretary and R. W. Hemphill Treasurer. A Horse Fair is to be given under their auspices, Wednesday and Thursday next, October 24th and 25th. About a thousand dollars are offered in Premiums, which are divided into two classes—Class A without reference to speed, Class B with reference to speed alone. The trotting Park of the Association, situated in the west part of the city, has been placed in fine order for the occasion, and is now considered one of the best in the State.

Young Men Patronize the Best.
We know of no institution in the country that has better facilities for giving young men and ladies a more thorough and practical business education, than the Ann Arbor Business College. The Professor of penmanship, cannot be excelled for practical and ornamental writing, and the Law Lectures alone, given by Judge Cooley are worth all the student has to pay for a scholarship.

We advise all who desire a business education to call at Ann Arbor before going elsewhere.

Governor Blair.
Spoke at Hewitt Hall on Tuesday evening last, before an immense audience. He was greeted with the warmest applause by the Boys in Blue, and his speech received cheers and plaudits from the audience, which its ability deserved. It was a rouser. We regret not being able to give a lengthened report, but sickness prevents, and as every one heard it, it is almost unnecessary.

Ashtama Cured.—Mr. Wm. May, of 245 Spring Street, New York, writes, Jan. 1, 1866: "I have been afflicted with asthma for upwards of ten years, receiving no benefit from medical men. I was advised by a young friend to try one of Alcock's Porous Plasters. I said, I had tried several kinds of plasters without any benefit, and supposed they were all alike. My friend gave me one of Alcock's, and urged me to use it. I did so, and have now worn them steadily for nine months, and find myself better than I have been for many years. REASONS WHY
The AMERICAN WATCH, made at Waltham, Mass., is the best—
It is made on the best principle. Its frame is composed of solid plates. No jar can interfere with the harmony of its working and no sudden shock can damage its machinery. Every piece is made and finished by machinery (itself famous for its novelty, as well as for its effectiveness) and is therefore properly made.

At the beginning of our enterprise, more than ten years ago, it was our first object to make a thoroughly good low-priced watch for the million, to take the place of these foreign impositions—the refuse of foreign factories—which are entirely unsalable at home and perfectly worthless everywhere.
How well we have accomplished this may be understood from the fact, that after so many years of public trial, we now make more than half of all the watches sold in the United States, and that no others have given such universal satisfaction. While this department of our business is continued with increased facilities for perfect work, we are at present engaged in the manufacture of watches of the very highest grade known to chronometry, unequalled by anything hitherto made by ourselves, and unsurpassed by anything made in the world. For this purpose we have the amplest facilities. We have erected an addition to our main buildings expressly for this branch of our business, and have filled it with the best workmen in our service. New machines and appliances have been constructed, which perform their work with consummate delicacy and exactness. The choicest and most approved materials only are used and we challenge comparison between this grade of our work and the finest imported chronometers. We do not pretend to sell our watches for less money than foreign watches, but we do assert without fear of contradiction that for the same money our product is incomparably superior. All our watches, of whatever grade, are fully warranted and their warranty is good at all times against us or agents in all parts of the world.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeit watches will be prosecuted.

BLACK AS A CROW.
A few years since, was many a splendid head that is now grey or grizzled. Why not restore to the yet unwrinkled brow its raven tresses? Five minutes effects the splendid transformation. In less time than hideaway would take to load and fire three times, the greyest head may be made darker than the raven's wing. No matter of what undesirable tint the hair or whiskers or beard may be, the change to a supple and perfectly natural black or brown is accomplished by one application of CHRISTADORO'S HAIR DYE without staining or injuring the filaments. Manufactured by J. Christadoro, 6 Astor House, New York. Sold by all Druggists. Applied by all Hair Dressers.

DR. TOBIAS' VENETIAN LINIMENT
An instantaneous remedy for chronic rheumatism, headache, toothache, croup, colic, quinsy, sore throat, and pains in any part of the body. Remember, this article is a success—not an experiment; for fifteen years it has tested. No medicine has ever had such a reputation as this: silently it has worked its way before the public, and is all around in its praise. "Chronic rheumatism." Are thousands who laid for weeks on a bed of agony, and never walked without the aid of crutches, with this complaint, can testify to the magical effects of this liniment. They are cured and proclaim its virtues throughout the land. Remember relief is certain, and a positive cure is sure to follow. Headache of all kinds we warrant to cure. Putrid sore throat, quinsy, and diphtheria are robbed of their terrors by a timely use of the Venetian Liniment. It has saved hundreds the last three months. Price 40 and 80 cents a bottle. Office, 56 Courtlandt street, New York. Sold by all Druggists.

THE CHROMO FROM CROSBY'S AUTUMN.
Lithographic Establishment, 311, Chestnut Street, Philadelphia, Sept. 20, 1866.

DEAR SIR: It is impossible to hurry a Chromo Lithograph of Mr. Crosey's "American Autumn." It will be printed in nine-teen colors from nineteen different stones, and requires, in its execution, the greatest care and labor.

I might have finished it sooner, but thought it best to take a more time, that I might present a finer specimen of the art.
Believe me when I say that I will use every possible exertion to complete the picture by October 1st.

I have the honor to be, very respectfully yours,
